Tom,

Sent out a message a couple weeks ago to try and obtain most recent info. on US EPA Regional SF Division Directors. Not sure if you responded (you may have - responses were coming in at the same time we were planning for the NRD/Sediments Symposium). Need to obtain current info. for invites to participate in this year's SSMS policy forum.

For Region 10, is the current Director Mike Gearheard or Dan Opalski? PLEASE help!

Thanks much,
Jen
